Price	**18.78 £**
Number	**70140068**
Producer code	**FETISHID-227138**
EAN	**609224031458**

Product description

These convenient sterile alcohol wipes are the ideal way to clean all your electric sex toys. Individually wrapped for hygiene, they're small enough to fit in your ElectraStim case or storage bag for convenient cleaning at home and on the go. Designed for cleaning medical devices, you should use one of these disposable wipes to clean your electrodes before use to ensure they're bacteria-free.

- 10 individually wrapped wipes are included in each pack.
- 70% v/v isopropyl alcohol. Single use only.

Image for reference only. Other equivalent brands can be supplied.

Ensure your electrodes are always sterilized with this pack of 10 cleaning wipes. Individually wrapped for hygiene, these alcohol-based cleaning wipes were designed to clean medical devices and are the ideal way to prepare your sex toys for play.

Simply open the pack, unfold the wipe, and use it to clean the surface of the electrodes before use and ensure they are clean before play. Combine it with our sterile lubricant to maximize the effects. Each wipe comes in a slim package that fits inside your ElectraStim hard case or storage pouch for convenient use at home or on the go.

Cleaning Guide

Cleaning Guide by Material

Silicone: soap & water, boiling, or bleach solution. Glass/Metal: soap & water, boiling, or dishwasher (top rack). TPE/TPR: soap & water only (no boiling). ABS plastic: soap & water only.

Never use silicone lube on silicone toys – use water-based lube instead.
