Product description

Sometimes the scariest sex toys are the most enjoyable! We have crafted our 316 stainless steel unipolar electrified urethral dilators with a completely smooth finish for increased comfort during play. Measuring 5.1 inches long, it is an ideal urethral dilator for beginners, and comes in 5mm, 7mm and 9mm diameters to suit different levels of experience.

Use some lubricant throughout and gently slide the urethral sound onto your penis. Once in place, you can turn on your ElectraStim stimulator to experience an intense heartbeat and heightened sexual arousal that may be enough to bring you to a powerful, hands-free orgasm. Use the probe in conjunction with one of our unipolar penis rings for intense and complete pleasure. Also included in each set are 3 sachets of sterile lubricant and 3 cleaning wipes, along with a sturdy carrying case.

Electrode type:

- Unipolar for Internal Stimulation: Takes 1 2mm plug connector. A urethral dilator, 3 alcohol wipes, and 3 sachets of sterile lubricant are included. You will need a second unipolar electrode to complete the circuit. You will need to connect the dilator to an ElectraStim stimulator to feel electrostimulation.

Dimensions:

- 130mm long (approximately 5.1 inches).

Materials:

- 316 stainless steel with a skin-safe insulated rubber base.
