ELECTRASTIM - ELECTRO PLUG ANAL MR-S-LEATHER

Price	**119.00 £**
Number	**70141034**
Producer code	**FETISHID-237828**
EAN	**609224032912**

Product description

Designed in collaboration with Mr. S Leather, the largest and oldest fetish brand in the US (since 1979!), we've lent our electro expertise to the world's most comfortable butt plug for this edition of Silicone Electro.

Since 1997, this classic design has been part of Mr. S's anal toy arsenal; This time, the world's most comfortable silicone electric butt plug is made from our proprietary blend of electroconductive silicone to put more power into the game.

We've retained all the weight of the original plug with a heavy, solid steel core and a "hidden entry" cable system that allows for comfortable and secure seated play.

Compatible with all ElectraStim stimulators; they are sold separately.

CHARACTERISTICS:

- **Insertable length:** 76 mm (3 inches)
- **Maximum circumference** : 121 mm (4.75 inches)
- **Connection** : 2mm
- **Weight:** 240g (8.46oz)
- **Material** : Premium conductive silicone (phthalate-free)
- **Number of poles** : 2 (bipolar)
- **Partnership with Mr. S Leather:** Electrified version of Mr. S's 'world's most comfortable butt plug' design
- **Premium Medical Grade Silicone** - Soft, flexible and completely phthalate free.
- **Heavy Steel Core** - Adds an extra element of feel and causes the muscles to contract strongly to create a more effective driving area.
- **No Internal Wires:** Uses ElectraStim's proprietary conductive silicone blend, so there's no risk of the internal connection breaking or degrading.
- **Stealth Input Cable System** – Designed to protect cables during seated gaming
- **Flexible Silicone Neck** - Flexible neck designed for comfortable wear

WHAT INCLUDES?:

- 1x 'The most comfortable silicone electro anal plug in the world'
- 1x instruction booklet in multiple languages

BDSM Safety

Safety First in BDSM

Consent, communication, and safety are paramount. Our products include safety features like quick-release buckles. Never leave a restrained person unattended.

Start slow, check in often, and always have safety scissors nearby for emergency release.
