Price	90.07 €
Number	70141739
Producer code	FETISHID-227135
EAN	609224031182

Product description

Mini is the baby of our classic metal butt plug range and it's proportioned with anal sex beginners in mind. Whether you've had a bit of experience with anal penetration or you've never entered the forbidden zone before, our Mini bi-polar butt plug is the perfect size to start with.

The tapered shape and petite size make Mini easy to insert and comfortable to wear, even if it's your first time. The heavy weight offers firm pressure against the sensitive first few inches of the anus, stimulating the highly-sensitive nerve endings to enhance your pleasure.

Measuring 2.2 inches in insertable length with a circumference of 3.7 inches at the widest point, this small butt plug is slimline with a tapered shape that makes insertion easy. Once you're used to the sensation of wearing Mini you can plug it into one of our stimulation units to experience pleasurable tingles and orgasmic contractions to heighten your pleasure.

Electrode Type:

Bi-polar for internal stimulation - takes 2x 2mm pin connectors. 1 Mini Butt Plug is included in each pack. You will need to connect Mini to an ElectraStim stimulator to feel the described sensations.

Dimensions:

2.2 inches in insertable length x 3.7 inches in circumference at the widest point.
(56mm Insertable length x 30mm Diameter)

Materials:

Made from marine-grade aluminium with an acrylic isolator strip. The base features insulated nitrile rings which can be removed for cleaning.
