### Product description

Escalate the impact of every erotic touch with our electro-charged Wartenberg wheel. The ElectraStim pinwheel tickles your lover's skin as it glides across the surface, teasing their nerve endings to attention and leaving their response to touch heightened.

Our uni-polar pinwheel is the ideal electro sex toy to use alongside another electrode to maximise erotic effect. Use it to awaken desire and expedite sexual response or incorporate it into your S&M exploration for a twist on tie and tease. Regardless of your preferences, an electro pinwheel will soon become a favourite in your sex toy collection.

As with all external electrodes, we recommend that you lubricate the wheel with conductive gel to enhance sensations. You will need to use another uni-polar electrode alongside the pinwheel to complete a circuit.

#### Electrode Type:

Uni-polar with plated brass contacts. For external stimulation - takes 1x 2mm pin connectors. 1 Electro Pinwheel is included. You will need an Electrastim stimulator (sold separately) to feel the sensations described.

#### Dimensions:

The pinwheel measures 6.75 inches in overall length with spikes measuring 0.25 inches long. (170mm / 6mm)

#### Materials:

Plated brass contacts with acrylic handles.

### Safety Guide

#### E-Stim Safety Guide

Never mix electrostimulation with other electrical devices. Use only water-based conductive gel. Limit sessions to 30-60 minutes.

Stop immediately if you feel pain or dizziness.
