Product description

BDSM is an abbreviated word that brings together the initials of the following words: Bondage, Discipline, Submission and Masochism.

BDSM is based on a series of sexual behaviors and actions freely accepted and consensual by the participants. We use sao or sadomasochism many times to define BDSM practices, in case of error. The main characteristic of this sexual alternative is the respect and freedom of each participant.

With Experience you will have everything you need to practice BDSM in this Bondage set; all synthetic leather, all red. And you will not lack anything whether you are beginners or advanced players. Don't you believe it?

The set includes 8 unique pieces:

- Breathable gag
- Whip
- Set of red leather handcuffs
- spanking shovel
- Mask
- Nipple clamp
- 5 meter long ropes
- Submissive collar with leash

Stay tuned

Let's get into the meaning of bondage. You must be aware of your and your partner's needs at all times. If you feel that someone is having complications, stop and ask if they are okay.

A good idea is to establish a code word or sign, which can be anything, to make the partner understand that you want to stop or to go slower.

With the Experience Black Kit you ensure a safe experience with an exciting result.

BDSM Safety

Safety First in BDSM

Consent, communication, and safety are paramount. Our products include safety features like quick-release buckles. Never leave a restrained person unattended.

Start slow, check in often, and always have safety scissors nearby for emergency release.
