Product description

You are in front of the largest, most realistic, intense and heavy male masturbators in the world.

We recommend that you cancel your plans and set aside some time to explore it.

This giant masturbator is the largest piece you will find. Take it out of the box, apply the lubricant and you will have the most realistic experience you can imagine.

You will be able to penetrate it through both orifices, each one with almost real textures. Pet it and cache it! You will not find another more successful skin. Of course you can ejaculate inside.

Do not submerge completely under water and only clean the channels with toy cleaner and warm water. The hole on the back is for the air outlet.

- Height: 30cm
- Width: 38.1cm
- Depth: 27.8 cm.

The kit includes:

- Lifelike Fanta-Flesh™ Ass and Vagina.
