Product description

Clarifying cream that will unify the tone of the skin of the anus, groin area or vaginal lips. It will progressively go reducing hyperpigmentation, it gives luminosity to the skin. It can be used daily, does not irritate and has no aroma.

The Femintimate brand presents a perfect whitening cream to naturally whiten the skin of intimate areas vaginal labia, anal and perineal area, bikini, nipples, armpits and elbows.

Clarifying Cream is a new treatment designed to reduce spots, hyperchromia and halos. Gradually eliminates hyperpigmentation. It has a natural, effective and delicate effect on the skin, giving it a homogeneous, young and luminous appearance.

The Femintimate Clarifying Cream whitening cream has the function of counteracting the maturation of melanin, ensuring a lightening process of skin imperfections and hyperpigmented areas. It is characterized by its rapid absorption, easy diffusion and non-greasy. Its aroma is neutral and odorless

The 100 ml format is convenient for regular and prolonged use, allowing the whitening cream to be easily integrated into your personal care routine. Its application is simple, and rapid absorption ensures that the cream acts effectively without leaving greasy residue.
