### Product description

**Intimate Hygiene Mousse** from the Femintimate brand is an intimate care foam ideal for cleaning, protecting and moisturizing intimate areas for a long period.

**Intimate Hygiene Mousse** 100 ml is an innovative and delicate solution designed specifically to meet the personal hygiene needs in the intimate area of women. Its mousse presentation provides a unique and pleasant experience during use, turning the daily cleaning routine into a moment of personal care and well-being.

This intimate cleanser has been formulated with gentle ingredients that are respectful of the sensitivity of the female genital area. The mousse texture allows for a smooth and uniform application, creating a light foam that makes cleaning easier without causing irritation or discomfort. Its balanced formula helps maintain the natural pH of the intimate area, helping to preserve healthy vaginal flora.

With a delicate aroma, this intimate cleanser not only provides effective cleaning, but also leaves a feeling of freshness and comfort that lasts throughout the day. The presentation in a 100 ml container is practical and convenient, ideal to carry in your bag or use at home.

Its regular use contributes to maintaining adequate intimate hygiene, offering a feeling of cleanliness and well-being. This 100 ml mousse intimate cleanser is an ideal option for those people looking for a quality product, designed with the delicate nature of the female intimate area in mind, and who value comfort and freshness in your personal care routine.
