Product description

Finally, a universal harness designed with comfort and flexibility in mind! The Universal Breathable Harness is made from a super-soft combo of spandex and lycra and features a comfortable elastic waistband and breathable harness body. You won't even know you're wearing a strap-on harness, thanks to the lightweight material and easy-breathing fabric. The ultra-comfy harness combines form and function, making it the only strap-on harness you'll ever need.

The Universal Breathable Harness comes with a super-stretchy silicone O-ring that accommodates a variety of your favorite strap-on dildos. Unlike most leather or vinyl harnesses, the material feels just like your favorite cotton panties and breathes easily when the action heats up. There's no chafing, rubbing, or discomfort to the body.

Choose a dildo from the Fetish Fantasy Elite system and enjoy sensational strap-on sex without worrying about straps getting in the way of the fun. It fits a variety of sizes and body types and works as a system with any Fetish Fantasy Elite dildo, vibrating or non. The comfortable fabric allows you to wear it for extended periods of time, prolonging the fun without sacrificing your comfort.

To clean, hand-wash and lay flat to dry. One size fits most. Fits up to waist size 44”(4X).
