Price	**81.41 £**
Number	**70135395**
Producer code	**FETISHIPD4561-23**
EAN	**603912302929**

Product description

When you need a heavy-duty harness to keep everything in place, the Universal Heavy-Duty Harness is the only choice to get the job done. Made to withstand extreme fetish play, this heavy-duty harness features adjustable leg and waist straps and a stretchy silicone O-ring. The Universal Heavy-Duty Harness accommodates a variety of your favorite strap-on dildos and is made to play hard!

Go ahead, try to get this rugged strap-on harness loose from your waist! The form-fitting design comfortably hugs your body's contours, allowing you to move freely and flexibly without any discomfort. With each use, the harness gets even softer and more fitting! The heavy-duty metal belt buckle strap ensures it won't come loose during the action, while the snaps hold the O-ring in place and round out the system. If you've tried other strap-on harnesses and have been disappointed, look no further!

Choose a dildo from the Fetish Fantasy Elite system and enjoy sensational strap-on sex without worrying about the harness breaking or coming loose. It fits a variety of sizes and body types and works as a system with any Fetish Fantasy Elite dildo, vibrating or non. The comfortable material allows you to wear it for extended periods of time, prolonging the fun without sacrificing your comfort. Best of all, it won't come loose or break during the heat of the moment.

To clean the harness, gently spot clean with Pipedream Toy Cleaner and lay flat to dry. Do not soak or submerge the harness in water or put the harness in the washing machine or dishwasher. Fits up to waist size 52” (4X).
