Product description

When your fetish-play demands the best materials possible, only the Fetish Fantasy Elite line will do! Made from 100% medical-grade Elite Silicone, this ultra-premium collection is body-safe, hypo- allergenic, and sculpted to excite. Elite Silicone quickly warms to body temperature and conforms to the body's contours, giving users the most realistic stimulation ever imagined. It's phthalate-free, latex-free, nonporous and the safest sex toy material on the market today!

Double your pleasure and double the fun with this incredible dual-ended strap-on. One end of the silicone dildo stimulates the wearer while the other end pleases your partner. Both silicone shafts are cleverly curved to hit all the right spots. Choose a speed that's right for you both and let the powerful vibrations whisk the two of you away. Seven thrilling pulsation patterns tease and please your senses, while the comfortable silicone harness stay is in place when the action heats up.

Every strap of the silicone harness easily adjusts to fit most sizes. To adjust, just slide the straps until the waistband is snug and the thigh straps feel tight, then connect the plastic Smart Clips in the back by hooking them together. The straps won't move and won't come loose during the heat of the moment. Cleanup is a snap after the fun with Pipedream Toy Cleaner and warm water. Use plenty of Moist Body Lotion for an extra wet, extra wild encounter.
