Product description

Turn any room in your home into a bondage playground with the incredible Fantasy Swing Stand. Don't worry about drilling holes in the ceiling ever again--the free-standing Fantasy Swing Stand holds up to 400 lbs. and works with any of our single-support Fetish Fantasy Fantasy Swings. The heavy-duty tubular steel frame provides plenty of stability and freedom of movement, allowing you to explore new positions you never thought were possible and swing your way into ecstasy.

The wide-standing frame assembles in less than 10 minutes with the provided assembly tool. No additional tools are required. The sturdy frame features built-in "Bondage Loops", allowing you to connect a variety of your favorite Fetish Fantasy bondage restraints, cuffs and ties to create exciting new bondage scenarios. You can instantly transform your ordinary sex swing into an amazing "Bondage Swing" by utilizing these built-in steel loops--the possibilities for pleasure are endless!

The frame also provides extra support for trying new positions in the swing. Both partners can use the heavy-duty overhead bars and crossbars for added support, leverage, and to help maintain balance in the swing. Without a swing attached, the stand can serve as a bondage brace to hold your subject in captivity.

When your done with the stand, the component parts break down easily in less than 10 minutes and can be stored or transported with ease. All necessary assembly hardware is included.
