Product description

When you're looking for an affordable strap-on harness that can do it all, the Fetish Fantasy Series harnesses are just what you need to get the job done. We've reimagined our best-selling harness designs, improving them with even better shapes and materials to offer the best range of harnesses for beginners and strap-on aficionados alike.

Compatible with most dildos, these harnesses perform best with Pipedream's Fetish Fantasy Elite Suction-Cup Dildos and Basix Suction-Cup Dildos.

Perfect for first-timers, the Stay-Put Harness is made with a soft neoprene backside that prevents chafing and feels great against your skin, while the shiny patent outside is sleek and inviting.

The durable 4-way adjustable nylon straps feature easy plastic slides for the perfect fit on waists up to 44-inches (112 cm) and thighs up to 40-inches (102 cm). The low-rise fit is super comfortable, while the four metal snaps secure the O-Ring and hold everything in place even when the action heats up.

Three included silicone O-Rings allow you to interchange a range of dildos with a diameter up to 2-inches (5 cm).
