Product description

The Suck N' Stroke Head Pump is a blowjob simulator and provides a powerful suction action that stimulates the nerve endings of the glans.

Choose a ring first, slide it over the sleeve, fold the sleeve over the inflating cylinder, and enjoy a tight seal over your glans. Each time you press the inflating ball, the sleeve's rubber grips your penis and glides up and down over it.

Use a generous amount of Moist® lubricant for extra lubrication.
