FETISH FANTASY SERIES THE INCREDIBLE SEX STOOL

00

Product description

Take the strain off your thighs and enjoy weightless sex, bounce up and down on your partner with ease, and try new positions and enjoy moves you never thought were possible!

The Fetish Fantasy Sex Stool is designed to play hard--it holds up to 300 lbs. and is constructed with a heavy duty tubular steel frame which you can take apart for easy storage. The seat is flexible, easy to clean, and made from high-strength TPU.

The opening in the seat's center allows you to get closer and go deeper than ever before, for maximum penetration and maximum pleasure! Best of all, it's discreet enough to pass as a normal chair or stool in your bedroom. Be creative, explore new techniques, and do it all with greater ease!

TIP: You may want to put a pillow underneath your male partner on the bottom if the stool seems a little too high. Just prop a pillow underneath his butt, and he'll have no problem thrusting through the TPU opening for deep penetration!

Take Off the Strain and Turn On the Fun!
