Product description

If you organize a party, meet friends or just want to have a good time with your partner, this is your game, or rather, this is your party!!!

The most naughty, daring and fun erotic-festive game you have ever known. **The FIERCE NIGHT** takes us into the jungle to show us the darkness, fun and perversion of the night, throwing the dice on a board where depending on where we land, we will have to drink a shot, answer an indiscreet question, take a test, put "a point", taking off a piece of clothing, kissing a classmate...

The options are endless, since you have 120 cards with different tests, 42 with different questions and many other boxes where everyone can use their most perverse imagination to challenge their opponents.

In any case: "YOUR HOUSE, YOUR RULES".

What it's all about is having a good time and although the game has pre-established rules, each time it is played new rules can be determined to make the game your perfect party. The limit is up to you.

Your game contains:

- **1 Board**
- **1 Dice**
- **1 Ball**
- **6 Tokens (from 2 to infinite players)**
- **120 Play Cards**
- **42 Indiscreet Cards**
- **6 Wild Cards**
