Producer code	**FETISHID-231414**
EAN	**810476019174**

Product description

YOU RINSE, WE DRY

Cleaning your Fleshlight is now easier than ever. With a Fleshlight drying rack, you don't have to worry about how to place a clean, damp Fleshlight sleeve to ensure it is dry. A Fleshlight drying rack is an efficient and effective solution for all your standard size Fleshlight sleeve drying needs.

Made of coated aluminum, Screw Dry dimensions: 105 x 105 x 50 (mm)

How to Use the Fleshlight "Screw Dry" Drying Rack

- After cleaning your standard size Fleshlight product, make sure the sleeve has been returned to its case. Leave the top cover.
- Unscrew the cap from the bottom of your Fleshlight and screw the Fleshlight "Screw Dry" drying rack into place.
- Place the Fleshlight plus drying rack on a flat surface that will not be damaged by water, such as a countertop or bathroom sink. DO NOT place on or near electrical equipment or sources.
- Allow enough time for the cover to drip and air dry. For faster results, place it near a source of airflow.
- Put the lids back on the box only after the case is completely dry.

Cleaning Guide

Cleaning Guide by Material

Silicone: soap & water, boiling, or bleach solution. Glass/Metal: soap & water, boiling, or dishwasher (top rack). TPE/TPR: soap & water only (no boiling). ABS plastic: soap & water only.

Never use silicone lube on silicone toys – use water-based lube instead.
