Product description

Craving more than just conventional stimulation? The AMORINO delivers exciting variety! With its flexible design, 6 intensities, and 6 vibration patterns, this rabbit vibrator offers endless ways to explore and enjoy. The gently curved shaft massages the G-spot and prostate while the ergonomic, short arm offers precise clitoral stimulation. And here’s the twist: The removable silicone band transfers the vibrations across the entire vulva, teasing your clitoris for even more powerful orgasms. Additionally, the silicone band stimulates the vaginal walls during penetration, engaging the internal legs of the clitoris for deeper, full-bodied pleasure.

Enhanced versatility with the adaptable silicone band
Experience simultaneous and deeply pleasurable G-spot and clitoral stimulation – with or without the silicone band. For intense vibrations all over your body, you can twist the flexible band twice around itself to enjoy delightful sensations on your nipples and more.

Maximum power, endless pleasure
Thanks to its powerful, rechargeable motor, your pleasure stays discreet, while the waterproof design (IPX7) gives you total flexibility for spontaneous adventures – whether solo or with a partner, in your bedroom or bathtub. The AMORINO conveniently charges via USB-C and comes with an impressive 25-year warranty – for long-lasting pleasure you can count on.
