Product description

The BIG BOSS – because size matters! With an impressive 9 inches in length and up to 1.8 inches in diameter, this XL vibrator makes a bold statement. Its realistic design and subtle curve are crafted for targeted G-spot stimulation, while the full, flexible shaft, made entirely from soft silicone moves effortlessly with you. Deep, rumble vibrations provide intense sensations, and the ergonomic LOOP handle with a textured, ribbed surface provides an anti-slip grip and total control – whether solo or with a partner.

Go big on pleasure

The BIG BOSS isn't just a vibrator – it's an invitation to explore new sensations. Its low-frequency vibrations create a deep, toe-curling experience. Use it for powerful external pleasure by placing it on a pillow and grinding against it or bring it into partner play for extra stimulation.

Powerful, waterproof, and always ready

With 6 speeds and 6 vibration patterns, the BIG BOSS adapts to your mood, letting you discover what feels best. For effortless pleasure, pair it with a water-based lubricant. Made from premium, body-safe silicone, rechargeable via USB-C and waterproof (IPX7), BIG BOSS is always ready whenever you are. Enjoy long-lasting quality backed by FUN FACTORY's 25-year warranty. Dream Big!
