Product description

Menstrual Cup: Hassle-free period protection.

You know that sinking feeling when you realize youre out of tampons in the middle of your workday, or just before bed? That feeling sucks, and you dont need it in your life. The FUN CUP provides hours of period protection and when youre ready, you can just give it a quick wash and pop it back in. The smaller FUN CUP SIZE A is great for lighter days and for women who find a smaller cup to be a more comfortable fit.

- Comes with an antimicrobial bag.
- Save money on tampons and pads.
- Great for active users run, swim & dance.
- Foreplay-friendly.
- Eco-friendly cuts down on waste.
- Lightly textured for easy grip.
- Lasts for years with proper care.
- Non-porous and hypoallergenic.
- Designed and handcrafted in Germany.
- Body-safe materials.

You have enough to do without dealing with your period all day! The FUN CUP SIZE A protects you for hours at a time, boosts your sexual health, saves you money, and lets you use your time and mental energy on something more fun!

WHICH CUP WILL FIT ME BEST?
Not sure if the FUN CUP SIZE A is right for you? Lets take a look. Remember that all bodies are different, and picking your size isnt a perfect science. We have a few suggestions below, and we recommend starting with the EXPLORE KIT if youre not sure.

SIZE A ? Smaller 5,3 cm; Ø 4 cm; 20 ml
Firmer silicone for greater control when placing and adjusting a smaller cup
Good for: lighter flow, someone whod prefer something smaller, women younger than 30 who havent given vaginal birth.

SIZE B ? Larger 5,8 cm; Ø 4,3 cm; 30 ml
Softer silicone for a comfortable fit that holds a heavy flow without feeling intrusive
Good for: heavy flow, women who have given vaginal birth and/or are over 30 years old.

EXPLORE KIT 1 SIZE A & 1 SIZE B
Good for: people who arent sure about their size, someone who wants different protection for light days and heavy days.

The FUN CUP is shaped to curve with your body, and the thickness of the silicone varies accordingly. The rim is thicker and firmer, to keep your cup reliably in place. The tapered tip is also firm, for easy adjustment. In the middle, the silicone is softer and thinner than that of other cups, so it conforms to the shape of your body, for maximum comfort.

DONT INTERRUPT YOURSELF
Never again will you have to duck out during a busy shift to deal with your menstrual situation. Never again will you panic when you find yourself in a restroom without a wastebasket.

The FUN CUP SIZE A holds 4x as much as a tampon. When its full, just dump it out and give it a quick wash, and its good to go again. When its full, just dump it out and give it a quick wash, and its good to go again. If youre in a multi-stall public restroom, just wipe it with a little toilet paper and pop it right back in. With a little lube, you can even put it in before your period actually starts, so your cute underwear is protected.

Whether youre powering through a long workday, enjoying a day at the beach, or out dancing with friends, the FUN CUP gives you one less thing to worry about.

SAVE MONEY
If you use tampons, youre probably spending over 50€ a year on your period. Available pack of two, the FUN CUP SIZE A can be reused for years, saving you hundreds of dollars.

HAVE BETTER PERIOD SEX
Pads leave you feeling sticky. Tampons dry you out, leaving micro-tears in your vagina that make you more susceptible to bacterial infections and STIs. The FUN CUP is made of hypoallergenic, non-porous silicone: it just sits harmlessly in your vagina until you take it out, leaving you ready for fun.

Plus, its foreplay-friendly! Without a slimy string in the way, youll have way more fun with oral, strapping on a harness, playing with a vibrator, and even soft fingering.

AN ECO-FRIENDLY OPTION
Use tampons or pads? Your period will create up to 140 kilograms of waste over your lifetime. The Earth will thank you for switching to the FUN CUP, which only needs to be replaced every few years, making it virtually waste-free.

TAKE IT WITH YOU
Carry your FUN CUP wherever you go, in a high-quality antimicrobial bag that keeps your cup clean and ready to use and fits easily into your purse or glove compartment.

SHOULD I BE CONCERNED ABOUT TSS?
TSS is very rare, both in general and with menstrual product use. It is very dangerous and can also be deadly under some circumstances without treatment. TSS can occur for any one of several reasons and is caused by toxic strains of bacteria entering the bloodstream.

Symptoms of TSS:
- Sudden fever
- Shivering attack
- Sickness
- Vomiting
- Muscular pain
- Drop in blood pressure
- Dizziness

If symptoms appear, take the FUN CUP out and go to the doctor. Make sure to tell the doctor that you used an insertable menstrual product. If you have had TSS before, it is not recommended that you use the FUN CUP. To reduce risk of TSS please follow instructions for use. In general, we recommend consulting with your doctor before using a new menstrual product.
