Relax and let yourself be enchanted by the vibrations of the Fun Factory **LAYA III** support vibrator wherever you want. This renewed clitoral vibrator with an iconic design is the only support vibrator from **FUN FACTORY** that vibrates and throbs at the same time, to achieve extra intense orgasms. It's also great for having fun together, either as a sexy accessory during foreplay or as an accompaniment to an exciting blowjob.

The **LAYA III** clitoral vibrator vibrates and throbs at the same time, regardless of the setting. This results in a variety of different stimulations that stimulate multiple nerve endings at the same time. Why is that important? Very simple: the more nerve endings are stimulated at the same time, the stronger and more intense the sensation of arousal becomes and the deeper and longer the orgasm will be.
