Product description

This Vibrating, Thrusting and Rotating dildo from the Get Real Naked collection has the realistic features of a real penis, but actually has more to offer than the real thing.

With the combination of vibrating, thrusting and rotating movements this dildo knows how to find all your stimulating spots.

Thanks to its suction base, you can place the dildo on a flat surface and enjoy completely handsfree.

Prefer to play together? That is also possible! This dildo is strap-On compatible.
