## Product description

Glossy brings you this magnificent and deliciously manageable 10-function silicone rabbit massager with 2 individual motors, ready for fun. With a slender inclined shaft and a soft but precise tickle, the Elvi will satisfy the pleasure seeker alone, although it is also suitable for couples scenarios!

Elvi dual engine power, but extremely quiet and perfect for shared houses. With a smooth axis at an upward angle with a unique contoured head, the shape naturally points and massages the rich G-spot that ends in the nerves. The 10 functions and dual motors alternate with the click of a single button on the massager base.

Made of hygienic, non-porous and ABS plastic silicone materials, Elvi is extremely body friendly and surprisingly sensual on contact. The unique material heats up quickly to match body heat while offering a silky slip. It is best used with a quality water-based lubricant and is cleaned with soap and warm water when finished playing.

Features:

- - 100% Body Safe
- - Material: Silicone
- - Total length; 12cm
- - Works with two batteries: 2 x AAA (included)
- - 10 vibration modes

Use it with a safe water-based lubricant such as the Waterfeel brand and clean it with neutral pH soap and warm water after use, to finish use the Waterfeel sterilizer and it will look like new for a next use.

## Brand characteristics
