MATERIALS AND CARE

- All Ibiza toys are made from silky smooth medical grade silicone, which is extremely slippery and quickly absorbs your body heat. The toy can be easily cleaned with warm water and a little soap. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene - ideally with the perfectly coordinated disinfectant spray from Waterfeel or Intimichic. For maximum smooth pleasure, always use your toy with one of the Waterfeel water-based lubricants that are perfectly matched to the product.

CLEANING

- Thoroughly clean the toy before and after each use with warm water and mild soap.

STORAGE

- Store your IBIZA REMOTE CONTROL STRAPPLES VIBRATOR toy in a dust-free place and keep it away from toys made of other materials. Avoid leaving it in direct sunlight and NEVER expose it to extreme heat.

USE TIPS

- IBIZA™ SUCTION EXTENDER VIBRATOR recommends the use of water-based lubricants such as Waterfeel™, Aqua™, Bioaqua™, Aquatravel™ or Coquette™ for easy and smooth insertion of all silicone products. Do not use silicone lubricants, oils or creams with any silicone products, as they can degrade the material of the product and limit its performance and life.
