Product description

Elegant and exclusive, handmade and with special attention to small details, this luxurious line of blown glass massagers will leave you breathless.

Its elegant and unique blown glass lines will play hardball with you.

Glass is hypoallergenic and body safe, and as long as used properly will last a lifetime.

We recommend wetting it with warm water or putting it in the microwave for a warmer feeling. You can also cool it with cold water or put it in the freezer for a cooling sensation.

Since glass is non-porous, cleaning is very easy. Use Pipedream Toy Cleaner and warm water, or you can even put it in the dishwasher for added convenience after the fun.

Measurements: 15 x 2.7 cm.
