Product description

This luxury glass massager features a tapered tip for easy insertion and a pronounced head that hits all the right places.

Cleverly curved for explosive G-spot or P-Spot stimulation, the realistic venous shaft offers additional stimulation, while the sturdy flat base ensures safe and easy handling.

- Insertable measurements: 13.0 x 3 cm
- 100% Phalatos Free.

With a wide, harness-compatible base, turn this into a unique strap-on with one of our Fetish Fantasy Series harnesses.

Glass is hypoallergenic and body safe, and as long as used properly will last a lifetime.

We recommend wetting it with warm water or putting it in the microwave for a warmer feeling.

You can also cool it with cold water or put it in the freezer for a cooling sensation.

Since glass is non-porous, cleaning is very easy. Use Pipedream Toy Cleaner and warm water, or you can even put it in the dishwasher for added convenience after the fun.
