Product description

Are you ready for action? With Intense Jan it will be a pleasant surprise to play.

Play this intimate and sensual game together and increase the tension without anyone realizing what is happening. It works simply and you could do it anywhere, depending on how far you want to go.

How does it work? You place the JAN vibrating egg in your vagina and pass the remote control to your partner. With this remote control, your partner will have control over how you will feel because the remote control works up to 10 meters away and operates 10 different vibration levels! Your partner will decide what he feels and when he feels it.

Would you like to maintain full control yourself? In that case, just put the remote away and decide when and how you want it.

Expand your sensual horizon and enjoy the vibes as they come!

- Silky soft high quality silicone
- Body safe
- Rechargeable via USB
- 10 vibration modes
- Submersible
- Works up to 10 meters away.
- The remote control requires two AAA batteries, not included.
