You've probably heard of suction-based dildos but you've never heard of powerful suction-based vibrators before! The material that Intense™ Michelangelo with motor is made of is a strong inner core with ultra-soft silicone filling, giving it that famous double density. In addition, it gives a very soft and intimate touch, resembling a real penis.

Intense™ Michelangelo is designed to give you exquisite pleasure, whether anal or vaginal. And with its extra strong suction base you can try as many positions as you want.

And if that were not enough, you can also put the Intense™ Michelangelo in a harness to penetrate your partner.

What other advantages does the vibrator have?

Its waterproof finish (IPX6), Intense™ Michelangelo will please you both under the shower and in the bathtub and is also easy to clean. For thorough disinfection before and after each use, use Waterfeel's Disinfectant Spray, so you can enjoy your new companion for a long time.
