## Product description

The Tatum vibrator from the renowned **INTENSE** brand is an invitation to complete and sophisticated pleasure. Its rabbit-shaped design with simultaneous clitoral and G-spot stimulation, combined with intelligent and powerful functions, make it an essential ally for those who want to explore new sensations freely and safely.

Equipped with two powerful independent motors, the Tatum offers a perfectly synchronized dual action. The main shaft incorporates an Up & Down motion system with three different modes, which simulates the rhythmic thrusting of real penetration, offering deep and enveloping vaginal stimulation. At the same time, its external stimulator works on the clitoris with 9 varied and intense vibration modes, designed to excite and bring you to climax with precision and delicacy.

Made with medical-grade silicone and ABS, this vibrator is soft to the touch, hypoallergenic, and completely body-safe, as it is free of phthalates and other harsh ingredients. Its silky finish guarantees a comfortable experience, even during the most intense sessions.

The Tatum is also waterproof, ideal for those who enjoy intimacy in the shower or bath, and its USB charging system makes it practical and efficient, without the need for batteries or complications.

With a total length of 24 cm and 13 cm insertable, this vibrator offers comfortable yet deep penetration, designed to gently adapt to the female anatomy, while its outer arm adjusts perfectly to the clitoris for constant stimulation.

**Highlighted Features:**
