Product description

Exploring intimacy in a healthy and pleasant way is a fundamental aspect for many couples. As we break down barriers and expand our sexual horizons, it's natural to seek out new forms of stimulation and pleasure. In this context, anal arousal gel has become an increasingly popular option for those who want to enjoy intense and different sensations.

Our Greek Kiss is a stimulating gel with vibration and cooling functions with a delicious mint flavor. It stimulates the anal region, making you have more relaxation and pleasure before anal sex, and it is also extremely suitable for practicing Greek Kiss!

What Is it the Greek kiss?
The term “Greek kiss” refers to a sexual practice that involves oral stimulation or kisses in the anal region. It is a form of intimacy that can be explored between consensual adult couples who want to experience new sensations.

In the context of the act, a person can stimulate their partner's anus with their tongue, lips or mouth, providing pleasure through contact and stimulation. It is important to highlight that the practice requires good personal hygiene and open communication between partners.

How should you use it?
Apply 3 to 4 sprays in the anus, spreading until you start to feel the effects.

Who is it suitable for?
For people who want to have more pleasure in the anal region, try new sensations and have different stimuli.

PRODUCT DETAILS

- **INTT TIP:**Although the anal arousal gel has properties that leave the region more lubricated, it is important to complement it with a water-based lubricant to guarantee a comfortable experience and safe, since the anus does not have natural lubrication like the vagina. Apply it to the anal region and to the object of penetration.
- **CAUTION**: In case of irritation or discomfort, discontinue use. Keep out of reach of children. Avoid contact with eyes and, if it occurs, wash with plenty of water. Do not use on irritated skin. Keep in a cool and ventilated place. Do not reuse packaging.
- **TECHNICAL SHEET:** Packaged in a 15 ml airless pump + cardboard box. Shelf life of 6 months after opening.
