- **Two-tone design:** With a sleek red exterior and black accents and a white interior, Dameron is a symbol of style and passion.

MATERIALS AND CARE

Jamyjob is a waterproof toy made of silky-smooth medical silicone, which is extremely slippery and absorbs body heat quickly. The toy can be easily cleaned with a little soap and warm water. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene afterward, ideally with Waterfeel's perfectly coordinated disinfectant spray. For maximum pleasure, always use your toy with one of Waterfeel's water-based lubricants that is perfectly matched to the product. They are available in classic, silky, and warm versions. The vegan, water-based composition protects the material and keeps the surface of your toy pleasantly smooth.
