Product description

Enjoy a completely new experience. The innovative TENSEK model joins the JAMYJOB line of masturbators and features a unique completely transparent design that leaves nothing to the imagination.

Each part of TENSEK is made up of numerous suction tips and caressing protrusions that will pamper you every time you put the best part of your body in and out. The first third of the case has pronounced and soft tips in the shape of a sensual spiral. In addition, the fine protrusions at the end of the tunnel caress you and bring you safely to climax. The flexible walls conform to the penis and further enhance the sensual experience.

- As always, JAMYJOB is designed to put energy in your hands and achieve perfect stimulation.

The use of water-based lubricants is highly recommended for an intense orgasm. We recommend the AQUA or WATERFEEL brands.
How do I clean my TENSEK masturbator?

The soft TPE ULTRASKYN material makes the masturbator easy to clean. For a superficial cleaning, it is sufficient to use warm water and a mild soap. Next, wet the sleeve with a disinfectant spray, such as Waterfeel Spray Disinfectant!

Care Guide

Masturbator Guide

Use lubricant for best sensation. Clean after each use (soap and water). Air dry completely before storing.

Heating the sleeve improves realism. Rotate between sleeves to avoid boredom.
