Product description

Who doesn't enjoy oral sex? What if we told you there's another level? **Jamyjob** 's **Hurricane** comes straight from the future to show you how things are done there. This stimulator not only simulates oral sex, but it even improves it!

The softness of its mouth-shaped masturbation sleeve is just the beginning, a great start (don't forget to apply a little water-based lubricant; Jamyjob recommends using Aqua Quality), but where it will be fully demonstrated is when you activate its powerful motor and unleash its different stimulation modes.
