JAMYKOB Novax is the elegant masturbator for the modern man

With a sleek, robust black ABS casing, this male pleasure generator is a real showstopper, leaving you guessing what's inside: Inside the NOVAX is a sleeve made of super-soft, skin-like FDA silicone material, offering a realistic feel with a distinctive structure.

Plus, thanks to the innovative internal pressure regulator, you can add even more intensity while playing with the JAMYJOB Novax. Other sleeves with different structures can also be easily purchased and changed. You can always find the perfect sleeve for your mood! For a pleasant experience, the additional use of lubricant, such as AQUA, is recommended.

The JAMYJOB Novax is, of course, waterproof and can accompany you both in the bath and in the shower. The ergonomic shape and comfortable material allow it to fit perfectly in your hand. When the last waves of orgasm are over, you can easily clean it with soap and water or one of our sexual wellness toy cleaners.
