What is the JAMYJOB PULSAR and how is it used?

This masturbator for men will stimulate all your parts. The flexible wings made of soft and delicate silicone wrap tightly around your penis, while the powerful grooves allow your best part of the body to vibrate even in the trunk and in the testicles. PULSAR incorporates a glans stimulator that increases the sensitivity and sensation of orgasm. Depending on your mood, you can choose between 10 different rhythms and 3 pulse modes. In this way you will get 30 combinations of vibrations in conjunction with your pulse stimulator.

The JAMYJOB PULSAR is of course waterproof and can accompany you both in the bathtub and in the shower. The ergonomic

shape and the comfortable material allow it to adapt perfectly to your hand. When the last waves of orgasm are over, you can easily clean it up with soap and water or one of our Sexual Wellness Toy Cleaners.

JAMYJOB PULSAR is not only suitable for the solo pleasure of modern men, but also amazes with its many applications during sexual games. For example, you can place it at the base of your penis during a blowjob and enjoy an impressive deep throat sensation. It can also be perfectly incorporated in various sexual positions, simply place it on the shaft of the penis and your partner can enjoy the wonderful vibration of this sexual well-being device with every movement.
