Product description

The **XPAND LITE** testicular stimulator pump from **JAMYJOB** is a device designed to provide an intense, personalized massage and suction experience focused on testicular stimulation. This high-end product combines advanced technology and ergonomic design to maximize pleasure and well-being. Its main features are described below:

CHARACTERISTICS:

- **Modern and sophisticated design:** The **XPAND LITE** features an elegant gray color with black and red accents, giving it an attractive and discreet appearance. Its functional design is designed to fit comfortably against the body, ensuring a pleasant and efficient user experience.
- **Powerful Motor:** Equipped with a high-performance motor, the **XPAND LITE** pump delivers powerful, consistent suction, specifically designed to precisely stimulate the testicular area. This motor ensures an intense and pleasurable experience without compromising user comfort.
- **3 Adjustable Suction Modes:** The **XPAND LITE** features three suction modes that allow you to vary the massage intensity according to your preferences. These modes range from gentle, relaxing suction to more intense suction for deep, effective stimulation.
- **Level Control:** To ensure complete customization, the device includes a level control system, which allows you to adjust the intensity and suction modes precisely and comfortably, ensuring an experience tailored to each user's needs.
- **Anatomically tailored dimensions:** The **XPAND LITE** measures 22.5 cm in length, with a 14 cm insertable area and a total diameter of 12.5 cm. These dimensions are designed to provide a comfortable and secure fit, maximizing the device's effectiveness in the testicular area.
- **Safe and Comfortable Materials:** Made with super-soft, completely phthalate-free silicone, the **XPAND LITE** offers a smooth, body-safe texture. The high-quality silicone ensures a comfortable and skin-friendly experience, while also being easy to maintain in optimal hygienic conditions.
- **USB Rechargeable:** This device is fully rechargeable via a USB port, making it easy to use anywhere without the need for disposable batteries. The long-lasting battery ensures multiple uses on a single charge.
- **Waterproof:** The **XPAND LITE** is waterproof, which not only allows for use in the shower or in humid environments, but also makes it easy to clean. This feature ensures the product remains in perfect hygienic condition after each use.
- **Easy to Clean:** The detachable pump design ensures quick and effective cleaning, maintaining the safety and longevity of the device with every use.

In short, the **XPAND LITE** by **JAMYJOB** is a testicle-stimulating pump that combines powerful suction with superior comfort, thanks to its multiple suction modes, high-quality materials, and ease of use. Ideal for those seeking an intense, personalized, and safe experience.

MATERIAL AND CARE

Jamyjob is a waterproof toy made of silky-smooth medical silicone, which is extremely slippery and absorbs your body heat

quickly. The toy can be easily cleaned with a little soap under warm water. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene afterward, ideally with Waterfeel's perfectly coordinated disinfection spray. For maximum pleasure, always use your toy with one of Waterfeel's water-based lubricants that is perfectly matched to the product. They are available in classic, silky, and warm versions. The vegan, water-based composition protects the material and keeps the surface of your toy pleasantly smooth.
