Product description

The iconic Rabbit, redesigned.

Hera is the softest, sleekest rabbit vibrator that provides powerful, rumbly vibrations to both the clitoris and G-Spot for the ultimate blended orgasm.

With a wider surface area and larger motor, the external stimulator provides increased vibrations around the vulva and increases consistent connection with the clitoris.

The flexibility for the clitoral stimulator allows the design to work for all different vulvas and allows individual body shapes to experiment with pressure and intensity.
