Product description

Finalist for the 2015 Spark Design Awards, Uma is a jewel of elegance for stimulation on multiple levels.

Uma is designed with a unique low-frequency motor from the Je Joue brand, with strong, choppy vibrations that expand deeply to provide very intense sensations. Uma offers a wide range of vibrations, from a delicate purr to intense pulsations

Uma's slender shape allows it to be presented naturally to the natural curves of your body, both internal and external. Thanks to its length and protuberant figure, you can easily stimulate your G-spot and reach deeper pleasure points in your vagina.

Uma can also be perfect as a clitoral vibrator during sex. Use the tip to excite yourself, adjust the toy against your labial area, or switch to its voluptuous shape to create different pleasurable sensations. You can even take Uma on a trip all over your body, or that of your partner.
