Product description

KIIROO Onyx + brings a completely new sensory experience to the Internet: This technological male masturbator is silent, discreet and perfect as a travel companion.

The third generation Onyx has a completely different rotary motor that changes the feel of what it feels.

Onyx+ can reach up to 140 beats per minute while maintaining a quieter motor than its two predecessors, making the sensory experience of using Onyx+ even more exciting.

Inside Onyx+ are 10 rings that work together to simulate intercourse and stroke up and down in real time.

Connect your KIIROO Onyx+ with any KIIROO device. KIIROO Pearl (1 or 2), KIIROO Onyx (1, 2 or +), OhMiBod Fuse, OhMiBod Esca (1 or 2), or any FeelTechnology compatible device. You can send and receive data from those devices. In short, you can truly feel your partner's touch, in real time, from anywhere in the world.

If you prefer solo sessions, KIIROO Onyx+ can be combined with your favorite interactive content; associated sites for erotic videos, virtual reality, 3D games and webcams.

All content from FeelMe.com and other interactive partner sites are supported.

Care Guide

Masturbator Guide

Use lubricant for best sensation. Clean after each use (soap and water). Air dry completely before storing.

Heating the sleeve improves realism. Rotate between sleeves to avoid boredom.
