Product description

When you want your first strap-on to look and feel just like the real thing, the King Cock Strap-On Harness is just what you've been looking for! Every vein, every shaft, and every head is carefully handcrafted with exquisite detail to give you the most realistic experience ever imagined.

The wide suction-cup base fits snug into the harness for a secure fit and can even be used without the harness – stick it to any smooth, flat surface for wallbanging fun. Made in Pipedream's state-of-the-art rubber manufacturing facility, every King Cock is phthalate-free, latex-free, body-safe, and hypoallergenic.

The heavy-duty vinyl harness keeps everything in place even when the action heats up. The form-fitting design hugs your body's contours and gets even softer and more fitting with each use. With a completely adjustable thong strap and waist straps, it comfortably fits waists up to 52-inches.

The metal belt buckles ensure it won't come loose during the fun, while the velcro straps hold the O-ring securely in place. Gently spot clean with toy cleaner and warm water and lay flat to dry.
