Product description

KINK Range of Gags: Silence and Submission in a Diversity of Styles

At **KINK**, we specialize in offering high-quality products that intensify your BDSM experiences with style, safety and functionality. Our range of vices is Designed to provide control and submission, while ensuring comfort and safety. Available in various colors, materials and sizes, our jaws adapt to all preferences and experience levels.

Variety of Jaws

- **Ball Gags:** Ball gags are a classic in the BDSM world, offering a perfect combination of silence and control. Available in various sizes and colors, from classic black to red and pink, our ball gags are made of soft, body-safe silicone, providing comfort during extended use.
- **Hoop Gags:** Ideal for those who want additional access while maintaining submission, our hoop gags are available in various sizes and colors. Made from durable materials like metal and silicone, these gags allow breathing and offer a unique experience.
- **Bit gags:** Inspired by horse reins, bit gags provide a different and exciting sensation. Available in various colors and sizes, they are made of soft, safe silicone, with adjustable straps for a perfect fit.

High Quality Materials

- **Silicone**: Silicone is one of the most popular materials for gags due to its softness, flexibility, and body safety. Our silicone jaws are easy to clean and comfortable to wear for long periods.
- **Leather and Vegan Leather:** For those who prefer a more rustic and authentic touch, we offer gags with genuine leather or vegan leather straps. These materials are not only durable but also stylish, adding an element of luxury to your games.
- **Metal**: Some of our ring and bit jaws incorporate metal elements for greater durability and a more industrial style. Metal adds a feeling of firmness and control, ideal for more intense sessions.

BDSM Safety

Safety First in BDSM

Consent, communication, and safety are paramount. Our products include safety features like quick-release buckles. Never leave a restrained person unattended.

Start slow, check in often, and always have safety scissors nearby for emergency release.
