Product description

We never settle, that's why we always have to go further to offer something truly from another planet. Discover ENIGMA™, a luxurious dual-action massager that offers the best of both worlds: deep clitoral and G-spot stimulation. ENIGMA™ has been created for otherworldly, sonic orgasms.

The owners of an ENIGMA™ are owners of their sexual desires and are responsible for analyzing them one by one. They carry their uniqueness as their flag, from their own style to their hidden desires and pleasures, with pride, and consume them as they want, without fear of feeling different. Unlike other similar products, ENIGMA™ offers a clitoral pulsation in addition to a G-spot vibration, for an orgasm so intense that not everyone can endure.

WHAT IS ENIGMA?

ENIGMA™ is inspired by two of our best-selling products, SONA™ and SORAYA™ and offers the concept of the world's most luxurious hybrid pleasure. It uses sonic wave technology, which stimulates the clitoris while resonating deeply in your body, and also has an internal ergonomic stimulator that massages your G-spot, just like our SORAYA™, to lead you to a progressive orgasm that It floods you again and again.
