Product description

Do you want to feel the smoothest movements of your life? Introducing a new premium moisturizer with a water-based formula that pairs perfectly with all LELO toys, but was made with our F1S™ in mind. This moisturizer improves natural lubrication for a very satisfying sensual experience.

WHAT IS F1L?

Discover a new level of long-lasting pleasure with LELO's Advanced Performance Moisturizer. Designed to enhance natural hydration and achieve a satisfying sensual experience with a silky and never sticky touch. It does not contain parabens or glycerin, can be used with preservatives and is suitable for sensitive skin.

REFINED FORMULA

- An optimized formula to intensify your sensual experience.

WATER-BASED FORMULA

- A water-based formula that offers an extremely soft sensation on the skin for a more fluid sensual experience.

HYPOALLERGENIC

- It does not contain parabens or glycerin, can be used with preservatives and is suitable for sensitive skin.

Brand characteristics

Brand characteristics: selected LELO products available at Sforne with discreet delivery and clear product information.

Lube Guide

Water-Based Lube Guide

Water-based lubes can dry out during long sessions – reactivate with a few drops of water or saliva. They leave no stains and wash off easily with water.

Our selection includes hypoallergenic, pH-balanced, and organic options for sensitive skin.
