Product description

By popular request, the HEX Respect condoms arrive, the new range of XL size condoms from LELO. Made with the same material and technology as HEX Original, the best condom in the world, HEX Respect is on its way to becoming one of the best-selling condoms.

- Natural latex condoms
- 0.045mm thickness
- 58mm nominal width
- Lightly lubricated
- HEX™ Respect 36 Pack

The large size offers more comfort and greater depth, if required. At 58mm nominal width and 10% longer than HEX Original, HEX Respect is one of the largest condoms on the market.

The network of interconnected hexagons combines finesse and resistance for a total sensual experience.

- 10% longer and wider than HEX Original.
- Redesigned latex structure that combines finesse and resistance.
- With ultra-fine cells that allow body heat to be transferred to improve sensations.
- Textured inside to reduce slippage and improve grip during intercourse.
- Lightly lubricated and latex odor neutralized.

With a perfectly smoothed exterior and textured interior, the internal hexagonal web constricts and expands to fit most shapes, securely.

Packaged and wrapped with class, HEX Respect XL condoms are designed for men with style: those who respect sex and seek pleasure from their partners.

- Easy to open, the packaging does not slip.
- Lightly lubricated for greater comfort.
- It gently unrolls downwards.

Sizing Guide

XL Sizing Guide

Measure penis circumference at thickest point. Divide by 2 to get approximate nominal width. If >56mm, try XL.

Too large condoms slip off. Too small condoms break. Correct size matters.
