Product description

A unique and sensual set for energetic and brave women. Intriguing, surprising, mysterious, exactly what an erotic lingerie set should be. Sometimes you have to cover something, sometimes you have to reveal more, and sometimes... be original and a little crazy. Why? Because in the bedroom there is no room for boredom! The **Thiara Red** set is a combination of this madness with style and elegance. It certainly surprises with its original design and the fact that it looks completely different from the back than from the front.

The top of the set consists of sexy black stripes, intertwined on the belly and connected with rings. The straps at the top elegantly surround the bust without covering it, while at the bottom they gently transform into a thong. Individual straps run down both sides of the thong, charmingly hugging the hips. The lower part of the set consists of black stockings of adjustable length, made of mesh. The stockings are fastened with clasps to the top element of the outfit, in front and back.
