Product description

This extreme paddle is only for true pain enthusiasts! Made of heavy aluminum, it has a long handle and a fine texture, for maximum flexibility. The ribbed handle provides a good grip and the thick, durable shaft is designed not to bend or flex while swinging. The small profile and even dispersion of the raised teeth are designed to elicit an intense sensation without breaking the skin. You can also flip it over and use the smooth side for a flat, strong impact.

- Splash proof Yes

BDSM Safety

Safety First in BDSM

Consent, communication, and safety are paramount. Our products include safety features like quick-release buckles. Never leave a restrained person unattended.

Start slow, check in often, and always have safety scissors nearby for emergency release.
