Product description

Absolutely control your submissive with this exciting collar. It is made of metal and is quite heavy, it is also stainless and very easy to clean. It can be closed with a padlock with a numerical combination. This way you can be sure that there is no way to escape. There is a metal ring attached so that toys can be added to the collar such as ropes, chains or handcuffs.

- Inner diameter: 10.5cm
- Thickness: 1cm
- Stainless metal
- With ring to add toys.

Collar Guide

Collar Guide

Measure neck circumference before ordering. Leather collars soften with wear. Metal collars require a hex key or screwdriver for removal.

Never leave a locked collar on during MRI or other medical procedures.
