Product description

During menopause, women begin to experience changes such as hot flashes, sweating, and sleep problems due to the hormonal changes associated with this stage, such as the reduction in estrogen and progesterone production.

Hormonal decline leads to decreased blood flow to the pelvic area, resulting in vaginal dryness, decreased elasticity, and discomfort and irritation during play and sexual intercourse.

Menopause should not result in a reduction in sexual activity, nor, of course, in a decrease in pleasure. In her opinion, beliefs that associate the cessation of menstruation with the end of a woman's sexual relations "are merely examples of a collective imagination filled with errors and prejudices."

The new range of MIA sex toys, and specifically the line of vibrators and clitoral stimulators that have become so popular in recent years, can be a great ally for women during menopause. Stimulation of the genital area and the clitoris itself increases vaginal lubrication, which is very helpful for the dryness caused by the hormonal decline associated with menopause.

Another positive aspect of using sex toys like clitoral stimulators is that stimulation makes women more aware of their own bodies. The only way to achieve fulfilling sexuality is to become more aware of our own bodies, desires, and needs. And many women can reconnect with their capacity for pleasure through a sex toy.

But what can MIA DOUBLE PLEASURE WAND bring me?

Mirror, mirror on the wall, why am I so tense? Your new MIA DOUBLE PLEASURE WAND massager can help: finally, someone who doesn't complain when you want a long massage! With an impressive size and plenty of power behind its tempting silicone head, the MIA DOUBLE PLEASURE WAND solves all problems and tensions, but of course, also any desire for orgasm.

EXCITING RELAXATION

The massager's shaft is made of medical-grade silicone, which is particularly soft and gentle on the skin. Plus, its rounded head skillfully reaches all parts of the body that crave relaxation. Relaxing alone or the highlight of a romantic wellness session for two? The MIA DOUBLE PLEASURE WAND is good in any situation thanks to its relaxing magic: what begins as a stimulating massage can quickly turn into seductive foreplay...

NOW LET'S TALK ABOUT THE ANAL MASSAGER

Do you like hot anal play? Then you've come to the right place, because this bubbly lover feels the same: she was made to discover your anal wonderland with her tingling curves. A powerful rectal pleasure motor delivers deep, pleasurable vibrations. Seated on the shaft and base, the anal vibrator moves up and down automatically! The vibrations can be conveniently controlled via MIA's TOUCH button.

With its small, rounded tip and soft, flexible silicone surface, it glides inside you with special elegance. Even for newcomers to anal play, this entry is pleasantly smooth.

GIVE IT POWER!

Your MIA DOUBLE PLEASURE WAND is equipped with built-in batteries, making it rechargeable and environmentally friendly. The included USB charging cable can be supplemented with a standard 5V wall plug if necessary.

MORE FUN WITH LUBRICANT

For maximum gentle pleasure, always use your clitoral stimulator or anal vibrator with one of the Waterfeel water-based lubricants that's ideally suited to the product. This will make your experience joyfully intense and add an extra layer of variety. They're available in classic, silky, and warm versions. The vegan, water-based composition protects the material and keeps the silky matte surface of your amulet pleasantly supple.

MATERIALS AND CARE

The MIA Silicone vibrator features 100% phthalate-free silicone, which is incredibly flexible. Waterproof (IPX6) and combined with a practical, ergonomic remote control made of the same material, MIA toys are easy to clean and remain hygienic for a long time. The flexible material is wonderfully slippery and quickly warms to body temperature. Your vibrator can be cleaned quickly and easily with a little soap and warm water. Finally, ensure thorough hygiene with a few sprays of disinfectant toy cleaner.

Enjoy your toy as much as we enjoyed making it for you.
