Rin is a complete vibrator that improves sexuality in the couple. 2 powerful engines lead to ecstasy to the penis, the clitoris and the vagina reinforcing your erotic games with unique sensations. The adaptable U-shape of flexible silicone generates additional narrowness and direct pressure on the important points.

The anti-allergenic silicone has a very nice touch, and is the ideal material to have a great time. It is very hygienic, and favors sliding, especially with the help of water-based lubricants of the waterfeel brand, which make the experience a unique pleasure. Your toy can be easily cleaned with water and a mild soap. If you want a more thorough hygiene, you can use a waterfeel dildo cleaning product: just spray it a couple of times so that your toy is perfectly clean
